Location & Address:

Krishna Institute of Medical Sciences,

1-8-31/1, Minister Rd, Krishna Nagar Colony, Begumpet, Secunderabad,

Andhra Pradesh 500003

## **SWAC ELSO**

South West Asia Chapter (SWAC) is one of the five regional bodies of Extracorporeal Life Support Organization (ELSO). It is a joint effort of ELSO organization and Ecmo Society of India (ESOI). The sole purpose of the entire gamut is purely education and research. Both the organizations are primarily targeting promotion of science of Extracorporeal membrane oxygenation (ECMO). The present scope of these organizations is to share their experience and wisdom with others. Since ECMO is a difficult science, it is necessary to learn from other mistakes. So, within the boundaries of UNCONTROVERSIAL and NON INTERFERENCE, THE IMMEDIATE TASK FOR ELSO, SWAC AND ESOI, IS TO MAINTAIN A CENTRAL DATABASE REGISTRY OF EVERY ECMO AT ALL ECMO CENTRES. Thus meticulous efforts must be put into reporting and collecting data of episodes and events during one and all ECMO runs.

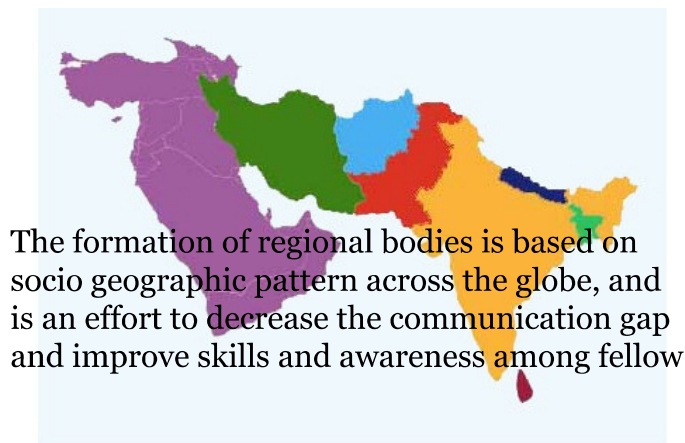

### **SWAC -MEMBER COUNTRIES**

### **Fifth Annual ECMO Training and Workshop**

in collaboration with

**ECMO SOCIETY OF INDIA**

*Over the years, since 2010, gradual increase in interest and awareness of ECMO science has led us to make annual national ECMO training program more frequent. We witnessed three major training program of ECMO workshops in 2013. Now, in collaboration of regional ELSO conference with more than 7*

The formation of regional bodies is based on socio geographic pattern across the globe, and is an effort to decrease the communication gap and improve skills and awareness among fellow

professionals.

## INVITATION

The main aim behind this regional conference is to carry the torch of ECMO beyond the borders of Indian subcontinent. We have seen the fragrance of mutual cooperation in SAARC countries. And looking at the similar socioeconomic pattern and medical facilities in west asia, we request one and all to participate and become a member of the south west asia chapter of ELSO. All intensivists and medicals professionals of all hospitals in the countries mentioned below in the global map, are invited and requested to join the SWAC member. All are invited to join the Fifth ECMO training and workshop and the SWAC ELSO conference to get a general idea about ECMO. Hoping your earnest attention and enthusiastic participation.....
